Mailing Groups

Your Mailing Group can be added and configured below. Only one Mailing Group is available in this Free plugin. Just click 'Add New Mailing Group' to get started. The Premium plugin supports unlimited Mailing Groups for all your different group needs. Why not [upgrade now?](#)

Mailing Group Icons Explained:

Group Name	Email Address	Status	Actions
Buurtbewoners 't Witzand-Annerweg	bewoners@witzandeext.nl	Active	

Add/Edit Mailing Group

Group Name :

Use Group Name as prefix in email subject

lines :

Group Email Address :

NB: Email set up on server already as a POP or IMAP box. Should use your domain email here

Password :

NB: Not sure what to do? Check out our list of servers and their mail & smtp settings [here](#)

Access Mailbox via : POP3

IMAP with additional params IMAP

[Want to use gmail? click here to see settings for it](#)

Incoming Mail Server :

Port :

User/Pass Required?

Username :

Password :

SSL/Secure

NB: When you test, if you see "Success: Connection Successful", that means incoming server settings are correct, ignore the error lines before success message.

Choose Mailing Function : WP Mail SMTP Mail PHP Mail

NB: If not sure what to choose, select PHP Mail. To test outgoing email settings, save mailing group settings and go to Troubleshooting tab on left sidebar. Send an email using the form. Error or success message will be displayed after form submit.

Attachments

Save Attachments :

NB: To ensure attachments (images, documents, etc.) sent via WP Mailing Group are transmitted correctly, it is necessary to save them in the server database. Please use the settings below to customise this. If it is NOT enabled, attachment functionality cannot be guaranteed.

Auto-delete old attachments : No Yes, after days

Auto-delete large attachments : No Yes, over MB

NB: If this option is activated, attachments over the specified size will automatically be deleted. The message will be sent to the list without the attachment, with a notice that an attachment was deleted due to size limits.

Archive

Auto-delete old messages : No Yes, after days

(Auto-deletion in Premium version only)

Footer

Footer text for emails :

.

Je ontvangt dit bericht omdat je op de lijst staat van e-mailadressen van de buurtbewoners van 't Witzand-Annerweg.
